AIR-P Presents: Autism in Girls and Women

Presented by: Christine Nordahl, PhD, UC Davis Mind Institute

In this webinar, Dr. Christine Nordahl will provide an overview of current research focused on understanding autism in girls and women.

Topics will include:

- Current theories about why there are fewer females diagnosed with autism
- Overview of current autism literature on behavioral sex differences in autism
- Review of current literature on masking or camouflaging in autism
- Recent findings from the UC Davis MIND Institute Girls with Autism - Imaging of Neurodevelopment (GAIN) Study

SAVE THE DATE!

[AIR-P Research Day at AUCD 2022 Conference](#)

When: November 13-16, 2022

Where: 999 Ninth Street NW, Washington, D.C. (In-person)

Interested in presenting your research? Get feedback from experts and fellow peers at Research Day!

Presentation Description

NOTE: text will be printed in the conference program and online exactly as it is entered into the form. Please proofread accordingly.

1. *Title of Presentation: (Limit: 20 words) Please enter as one sentence.

IN CASE YOU MISSED IT

In collaboration with the Association of University Centers on Disabilities (AUCD), we hold monthly webinars showcasing our work and current research. Previous webinar recordings can be found [here](#).

- In the May webinar, **Dr. Kristen Choi** presented on **Tele-therapy for autism during COVID: A survey of parents in Southern California**
 - View the recording [here](#)!

Other past activities:

- On May 17, **Dr. Alice Kuo** interviewed on radio show and podcast "**Let's Get Psyched**" Episode #133 - *Ongoing Mental Health Care Challenges Faced by the Autism Community*
 - Listen to the episode [here](#)!
- The **UCLA Tarjan Center** has been hosting a lecture series called ***Using Silence to Hear the Voices of the AAPI Community in Autism Diagnosis and Treatment***. One of their presentations focused on:
 - Understanding cultural complexities of working AAPI families in clinical settings
 - Describing cultural considerations for the IDD/ASD assessment process
 - Discussing cultural considerations for providing treatment recommendations
 - [Click here](#) to watch the presentation!
- AIR-P has published a supplement in the PEDIATRICS journal!
 - Access the supplement articles [here](#)!

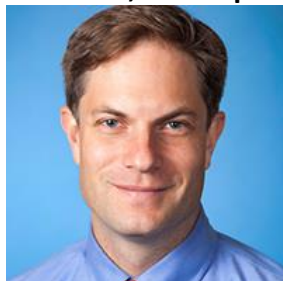

COMING SOON

Our **third AIR-P Research Day** will be held on **Wednesday, August 10, 2022, 2-5pm ET**, as part of the Autism CARES 2022 Conference.

[Register](#) today!

- AIR-P is co-hosting a webinar with the **Healthy Weight Research Network (HWRN)**, titled **Food Selectivity in Autism: Causes, Consequences, and Remediation**

In this webinar Dr. William Sharp will:

- Review common patterns of food selectivity among children with autism and related developmental and medical challenges
- Introduce the concept of good meal hygiene as a foundation for promoting healthy food intake in autism
- Describe effective strategies for introducing new foods and expanding the diet of a child with food selectivity.

- [Register](#) to attend this co-hosted webinar!

Other events:

- **July AIR-P Monthly Webinar: July 19, 2022**, 4-5pm EST/1-2pm PST– presentation by Dr. Dora Raymaker
- **August AIR-P Monthly Webinar: August 16, 2022** - 4-5pm EST/1-2pm PST- presentation by Dr. Maria Massolo and Dr. Lisa Croen
- **September AIR-P Monthly Webinar: September 20, 2022** – 4-5pm EST/1-2pm PST presentation by Dr. Denise Nunez
